TO WHOM IT MAY CONCERN

Kiloh Smith provided Consultancy services to this business in the design and preparation of our website. He acted in a knowledgeable and professional manner, and we were extremely satisfied with the results.

I would unreservedly recommend him to other small business-owners who require such work to be done.

I am providing these comments in the hope they will aid Kiloh Smith in his negotiations with your office.

Sincerely yours

Mary-Heather Styles
President
Director of International Tax
